

Are you involved in a pending lawsuit but cannot wait for your money?

If this is your problem, lawsuit funding (also known as a pre settlement loan or lawsuit cash advance) from PRE SETTLEMENT FUNDING is the solution.

Collecting on your injury case takes time, anywhere from a few months to several years. This puts tremendous strain on your financial resources. Chances are you will eventually receive a substantial award, but until your case is settled, your bills keep piling up. Not to mention you may also be out of work due to your injury.

"Cash for Your Clients"

Routine funding

PRE SETTLEMENT FUNDING routinely funds people who have been in motor vehicle accidents, WorkComp cases, or Slip and Fall injuries, and premise liability cases. We look at every type of case, so do not hesitate to call and see if you qualify today. We fund cases that would not typically be funded by a bank or lending company. The funding arrangement will be a contract between a plaintiff (you) and a lender (PRE SETTLEMENT FUNDING) that provides immediate cash to you, often in as short as 24 hours. Your attorney then places the

contract in the file as a lien against any future settlement. Meaning, PRE SETTLEMENT FUNDING loans you money now and when your case settles, you pay us back. Rest assured, if we approve your case for funding, we believe you have a strong case and that you will eventually recover money from your lawsuit.

8235 Forsyth BLVD suite 282 Clayton, MO 63105

414-465-CASH 24 Hour Service
